- Responsinator

PROFESSIONAL EXPERIENCE

Freelance | Remote

FULLSTACK FRONTEND DEVELOPER | APRIL 2025 – PRESENT

- As an independent Frontend Developer, delivering responsive, SEO-optimized, high-performance web applications, building scalable React.js / Next.js interfaces for e-commerce, admin dashboards, and CMS platforms
- Managing end-to-end frontend delivery—from requirement analysis and client collaboration to production deployment—ensuring user-friendly, business-focused UI solutions
- Improving page speed and search visibility through technical SEO, Lighthouse optimization, reusable component architecture, and performance techniques like lazy loading and code splitting

Origius System Pvt. Ltd. | Pune

SPECIALIST - FRONTEND DEVELOPER | Oct 2023 - April 2025

- Led frontend initiatives using React.js and Next.js for high-traffic platforms such as Allied Market Research and Research Dive, delivering scalable and reliable features
- Modernized a legacy e-commerce system by rebuilding it from scratch, significantly enhancing UI quality, mobile responsiveness, and overall performance
- Partnered closely with design teams to craft interactive, high-performance components optimized for large-scale production environments

InfoVerse | Nagpur

FRONT END DEVELOPER | Mar, 2022 - Aug, 2023

- Architected high-performance frontend solutions for NFT marketplaces and crypto-swapping platforms, ensuring scalability and security
- Led end-to-end frontend development of a rental platform (similar to 99acres), delivering a fully responsive UI that improved user engagement
- Built tailored, high-performing websites for fintech, NFT, and e-commerce clients, converting complex requirements into clean, maintainable interfaces

Webakruti Softwares | Nagpur

FRONT END DEVELOPER | Nov, 2018 - Feb, 2022

- Built a fully responsive website from scratch, ensuring pixel-perfect UI, strong performance, and seamless UX across devices
- Designed dual CSS architectures for web and mobile apps using a shared codebase, improving integration and reducing development effort
- Created branded, mobile-responsive HTML email templates with optimized UI/UX
- Collaborated closely with designers and stakeholders to deliver user-centric solutions with proper documentation across the development lifecycle

Education

Webgurukul | 2018

CERTIFICATION IN WEB DESIGNING AND DEVELOPMENT

RTMNU, Nagpur | 2018

COMPUTER ENGINEERING (BE)

Maharashtra State Board | 2012

HIGHER SECONDARY CERTIFICATE

Maharashtra State Board | 2010

SECONDARY SCHOOL CERTIFICATE

Interests

- **AI-Powered Development** : Using AI tools like Copilot and ChatGPT for smarter coding and debugging.
- **Generative AI Applications** : Building intelligent web apps with LLMs and LangChain.
- **AI in Full-Stack Development** : Integrating AI for dynamic UI generation and predictive backend systems.
- **Future Tech Vision** : Combining AI with cloud, edge, and real-time analytics for next-gen apps.

Language

- English
- Hindi
- Marathi
